1. [] participated in the University of Chicago's retesting of Government people in "Management Techniques". Due to vacation-leaves, only about half the June group (of 100) were present; the absentees get their chances for the retest later (probably in September). Dr. Harold Guetzkow, who conducted the retesting, announced that results will be fed back perhaps in October.

2. The Management Staff is sponsoring a rerun of "RCA-501" in the period 31 August - 3 September 1959, using the T-30 Auditorium (0900 - 1600 daily).

3. Meetings were held with [] PPS, and Jim [], A&E Staff, to consider ways and means of implementing the Inspector General's recommendation that the function of distributing training evaluation reports be transferred from the A&E Staff to the Registrar Staff. 5. One space (of 18 total) in the FSI "Labor Affairs Seminar", a four-week course beginning 14 September 1959, will be filled by an FE-DD/P candidate whose formal application reflects a specific operational necessity for the training to be afforded by the Seminar.

6. Mr. [] SA-DD/S, informed [] on 29 July that because of his new overseas assignment, he will be unable to attend the University of Chicago program for the period 17 - 28 August. A candidate from DD/S will be nominated within the next few days, and the University of Chicago will be notified of the change.

7. [] EE Division, the Agency's nominee for the Naval War College returned this week from overseas. We expect that all administrative problems will be worked out within the next week. [] is currently in Newport looking over the housing situation.

25X1

9. [] will attend the luncheon meeting of the Department of Agriculture's Graduate (so-called) School to be held 31 July 1959. She has combined purposes, in that she will not only extend the acquaintance begun by [] in the previous meeting, but also get information on scientific and technical offerings of the School for DC/PPS/TR.

25X1

10. The DTR-approved change of dates, from 31 August (beginning) to 26 October (beginning) of the Intelligence Orientation course ran into an inadvertant road-block when [] ascertained, in a routine check, that C/SIC had not been consulted. Mr. [] "Introduction to Communism" is phased into IOC, but due to prior scheduling, a conflict with JOT training would result from a change: accordingly, the normal interlocking of IOC and IC cannot be effected this fall.
